EMR Connect for the Tablo® Hemodialysis System

Say *"Goodbye"* to manual charting

Nurses spend up to
41%
of their time on documentation.*

Streamline your dialysis workflows from charting to billing.

- ✓ Automated patient charting and documentation for Tablo to save staff time
- ✓ Real-time data transfer from Tablo to your EMR platform to eliminate manual charting
- ✓ Accurate flowsheets in patient chart designed to minimize documentation errors

*De Groot K, Munster AM, et al. Nursing documentation and its relationship with perceived nursing workload: a mixed-methods study among community nurses, MBC Nursing, (2022) 21:34.

Streamlined connection from the patient to your EMR.

Patient treatment > **Secure, cloud-based connection** > **Real-time patient charting in EMR**
